Dear Sir/Madam,

## **Re: The EMG Transaction – Update**

Further to Section 7.27.7 of the Partnership’s periodic report as of December 31, 2018, which was released on March 24, 2019 (Ref. no. 2019-01-023982), regarding agreements for the purchase of the shares of Eastern Mediterranean Gas Company S.A.E. (“EMG”) and the purchase of rights in the pipeline owned by EMG (the “EMG Pipeline”) for the piping of natural gas from Israel to Egypt via the EMG Pipeline, the Partnership’s immediate report of July 1, 2019 (Ref. no.: 2019-01-056067) regarding the successful completion of the technical due diligence testing of the EMG Pipeline and the related facilities, and regarding the continued activity of the parties to the EMG transaction for fulfillment of the other conditions precedent for the purpose of the closing of the transaction by August 31, 2019, and Section 18 of Chapter A (Update to the Description of the Partnership’s Business), which was included in the Partnership’s quarterly report as of June 30, 2019, as was released on August 14, 2019 (Ref. no.: 2019-01-069819), regarding receipt of qualification certification for the EMG Pipeline from the industry-accepted engineering company DNV GL, which specializes in pipeline certification, and regarding the decision of the Competition Commissioner, which permits the purchase of the rights in the EMG Pipeline, the Partnership hereby respectfully updates that as of the date of this report, the EMG Pipeline has been filled with natural gas from the transmission system of Israel Natural Gas Lines Ltd. (INGL), such that subject to the provisions below, the EMG Pipeline will be able to pipe gas in commercial quantities to the Egyptian transmission system, in accordance with the expected timetable, as stated in the immediate report of July 1, 2019, upon commencement of commercial gas production from the Leviathan reservoir.

The parties to the EMG transaction are continuing to act for fulfillment of the other conditions precedent for the transaction, which include completion of continuous gas flow tests for the Egyptian transmission system and receipt of the formal approvals required for the transfer of the shares of EMG to EMED<sup>1</sup>, with the aim of closing the same no later than September 30, 2019.

**Caution regarding forward-looking information:** The foregoing information regarding the fulfillment of the other conditions precedent for the closing of the transaction and the expected date for the closing thereof, and the date of commencement of commercial piping to Egypt via the EMG Pipeline, constitute forward-looking
